New York Stands For Roosevelt

[Associated Press Special Cable.]
NEW YORK, N. Y., Feb. 27.—The Republican State Committee today formally endorsed President Roosevelt for re-nomination at the National Convention. This action sets at rest the question of the attitude of the New York organization toward the President. The committee will go into the State Convention on a straight platform for pledging the New York delegation.

No Rehearing In Supreme Court Davis Disbarment

Territorial Supreme Court at noon today rendered decision in the matter of Attorney George A. Davis' petition for rehearing in disbarment, granting the motion of Deputy Attorney General W. S. Fleming to strike the petitions from the files. Following is the court's opinion:
In the Matter of George A. Davis, an Attorney-at-Law; Petitions for Rehearing Submitted February 25, 1904; Decided February 27, 1904:
The judgment of disbarment was rendered on August 10, 1903, at the October, 1902, term.
Within the thirty days allowed by Rule 11 of this court, which provides that "a petition for rehearing may be presented only within thirty days after the filing of the opinion," the respondent filed on September 2, 1903, a petition for rehearing, and on September 5, 1903, a supplemental petition for rehearing, which petitions were heard at the November session of the present term and denied on January 14, 1904.
Three other petitions for rehearing have been subsequently, during the present term, filed, the first on January 27, the second on February 2, and the third on February 19.
The Attorney General moves to strike these three last mentioned petitions from the files.
Per curiam: The motion is granted and the three petitions are stricken from the files.
Honolulu, February 27, 1904.
GEORGE LUCAS, Clerk.

Davis' petitions filed within the thirty days allowed were denied. The last three petitions were stricken out as not having been filed within thirty days after the giving of the opinion.
There is nothing in the decision filed today, signed by Clerk George Lucas for the court, to indicate whether the opinion is unanimous or otherwise.
It will be remembered that the judgment of the Supreme Court, disbaring Davis on account of alleged unprofessional conduct, rendered in August of last year, was not unanimous. Associate Justice C. A. Galbraith strongly dissenting.

Davis now has no chance of a rehearing in Supreme Court.
The grounds on which rehearing has been asked again and again, were that both Chief Justice Frear and Associate Justice Perry were disqualified; the former because he was a salaried trustee for the bondholders of the O. & L. Co., his father-in-law being manager of the railway and the latter because he had on previous occasions punished Davis for alleged contempt.
Other grounds were stated, but the above were perhaps emphasized more than the rest.

Three other petitions for rehearing have been subsequently, during the present term, filed, the first on January 27, the second on February 2, and the third on February 19.

ESTATES OF QUEEN EMMA AND PRINCE KUNIAKEA

BRUCE CARTWRIGHT WANTS THE COURT'S INSTRUCTION AS TO DISPOSITION OF FUNDS RECEIVED.

Bruce Cartwright, trustee under the will of Emma Kalelelanani, deceased, institutes proceedings, in equity, at chambers, against the Queen's Hospital, Bruce Cartwright, administrator of the estate of Albert K. Kuniakea, deceased, and Mele L. Kuniakea.
Briefly and plainly, Cartwright brings suit against himself and others to find out where he stands.
Prince Kuniakea was one of the beneficiaries under the will of Queen Emma. He died without lawful issue in March of last year. The widow is the sole heir at law. Letters of administration were granted to Bruce Cartwright.
Queen Emma bequeathed certain Walkiki and certain Richards street premises to plaintiff's predecessor in trust herein upon certain trusts set out in her will.
A strip of the Walkiki premises, fronting on the Walkiki road, was condemned by the Government for street widening and plaintiff was paid \$1,000 in settlement as damages.
A strip of the Richards street premises was also condemned for street widening and plaintiff was paid \$8,145 in settlement. Plaintiff has charged himself with six per cent. interest on said sums of money.
Plaintiff has received monies for rents, part being for rents in advance for a period extending beyond the date of the death of Kuniakea, but paid to plaintiff prior to said date. Part being in rent for arrears for a period prior to the date of Kuniakea's death, but paid to plaintiff after said date.
Plaintiff is advised that it is uncertain which of said defendants is entitled under the will to the sums of \$1,000 and \$8,145 for land condemnation damages; also that it is uncertain as to what proportions of said rents said defendants are entitled to, and plaintiff desires to obtain the advice, direction and instruction of the court.
The Queen's Hospital, Bruce Cartwright, administrator of the estate of Albert K. Kuniakea, deceased, and Mele L. Kuniakea, are the only persons interested in the prayer of this bill for instructions.

JONES MURDER TRIAL NEXT CASE READY

Judge Robinson has excused his trial jurors until one week from Monday, when the case of Territory vs. E. M. Jones, for the alleged murder of his wife, is set for hearing.
No cases are ready for trial during next week. The Attorney General is on the mainland. Deputy Attorney General Peters has been busy with the grand jury and Deputy W. S. Fleming has his hands full. Probably next week will be fully occupied preparing prosecution in the Jones case. J. J. Dunne and A. G. M. Robertson will defend Jones, as in his former trial for the murder of his mother-in-law, when he was acquitted.

Fifty-eight Chinese gamblers were this noon arrested at the corner of King and Kekaulike streets by Officers Renear, McDuffie and Macauley. Two doors, one of them fastened by means of a heavy chain, had to be broken down by the officers in order to gain entrance. Fan-tan and pai-kau were the games played. Officer Nigel Jackson this forenoon arrested three Chinese gamblers.
Territory vs. Man Chong, alleged murder of Policeman Mahelons, is continued for the term.

NOT TURNED DOWN

The Territorial Central Committee executive of the Republican party met in headquarters yesterday afternoon and endorsed Jas. L. Holt for the position of Tax Assessor of the First Taxation Division. Mr. Holt has served faithfully in the Tax office for many years, latterly as Deputy Assessor, and his faithful performance of his duties gives people confidence that he will surely be a successful administrator.
Unquestionably there are those who, not knowing of the bias of the morning paper, will believe that the other candidates for the position were turned down by the committee. Nothing could be further from the truth. The chairman stated at the meeting that Treasurer Kepoikahi had said to him that, all things being considered, he had decided on Mr. Holt. This being the attitude of the head of the Finance Department, the committee took the action it did. Had no preference been given by Mr. Kepoikahi, all the names would have been sent to him, each one bearing the necessary signatures for the applications were all strictly in order.

MGR. BARKHAUSEN ANNUAL REPORT

Tells of Affairs of the Pioneer Mill Co., Ltd.
STORMY WEATHER WAS INTERFERENCE TO GROWTH
OFFICERS OF PIONEER AND KUKIAU PLANTATIONS ARE SELECTED—REPORTS ARE READ.
The annual meeting of the Pioneer Mill Co., Ltd., was held today at the offices of Hackfeld & Co. The following officers were re-elected to serve for the ensuing year:
J. F. Hackfeld, president; H. A. Isenberg, Vice-President; W. Potent-hauer, treasurer; F. Klamp, secretary; A. Haneberg, auditor.
The above officers, excepting the auditor, with J. A. McCandless, F. W. Macfarlane and H. Focke, constitute the Board of Directors.
The reports of the treasurer and manager were read and approved. Manager Barkhausen reports as follows:
Crop 1903:—This amounted to 123,470 tons of cane or 16,672 tons of sugar. The percentage of sucrose was higher and the mill work better than during the previous year, instead of 8 tons of cane per ton of sugar as in 1902, only 7.477 tons of cane per ton of sugar were required during the last season; the yield per acre was nearly 8 tons against about 5.5 tons in 1902.
Crop 1904:—Cold nights and stormy weather seriously interfered with the growth of the cane during last winter, resulting in a loss which I estimate at approximately 12,000 tons of cane. Following is the area to be taken off:
2900 acres of plant cane,
300 acres of ratoons,
Total 2200 acres.
My estimate for this crop is 125,000 tons of cane or 16,500 tons of sugar, basing the latter calculation on last year's juice and mill work.
Crop 1905:—This will, under normal conditions, yield about 22,000 tons of 96 deg. sugar, to be taken off:
2200 acres of plant cane,
600 acres of ratoons,
Total 2800 acres.
Improvements:—The increased area of cane land taken under cultivation during the last year will account for the expenditures of clearing land, reservoirs, ditches, flumes, etc. Prospecting for water by tunneling in the mountains has been continued and proves to be a profitable investment. The water supply has been increased during the year by about three million gallons, making a total of seven and one-half million gallons of mountain water derived from three different sources:
Kauaia tunnel furnishing 3 1/2 million gallons,
Kohama tunnel, furnishing 1 1/2 million gallons,
Honokawail tunnel, furnishing 1/2 million gallons.
The total expenditure for this quan-

The Old Ready-Made
versus
The New Ready-To-Wear

Before the advent of
ALFRED BENJAMIN & CO.

30 years ago there were more old ready made clothes than any other kind. The fabrics were inferior; the designs were commonplace; the pieces were thrown together with cheap cotton thread; the whole garment had a hang-dog look that no amount of pressing could get rid of. What little shape it first had was soon lost. At a glance you could tell this ready-made from custom-made—just as you can now.

When BENJAMIN Clothes were first marketed the other fellows shook their heads and predicted failure. "Where is the profit," they asked "in retailing garments that cost as much to tailor as custom-made?" Thirty years of success have shown the wisdom of producing fine clothes at reasonable prices. Today the highest type of ready-for-service apparel bears this famous trade-mark.
